

World Cancer Day Report

Title: Report on World Cancer Day

Date: 4th February

Organized by: Kalyan College of Nursing, Rajura

Venue: multipurpose Hall

Introduction

World Cancer Day is observed every year on 4th February to raise awareness about cancer, encourage prevention, early detection, and treatment, and reduce stigma associated with the disease. It is led globally by the Union for International Cancer Control (UICC).

Objectives

To spread awareness about cancer and its risk factors

To promote early detection and screening

To encourage healthy lifestyle practices

To support cancer patients and survivors

Theme

Each year, World Cancer Day follows a specific theme focusing on improving cancer care and reducing inequalities. The recent campaigns have focused on “Close the Care Gap”, highlighting equal access to cancer services for all.

Activities Conducted

On the occasion of World Cancer Day, the following activities were organized:

Awareness Rally: Students and staff participated in a rally carrying placards with slogans like “Early Detection Saves Lives.”

Health Education Session: A seminar was conducted explaining types of cancer, warning signs, and preventive measures.

Screening Camp: Free cancer screening and health check-up camp were arranged.

Poster Competition: Students prepared creative posters to spread awareness.

Oath Taking Ceremony: Participants pledged to fight against cancer by promoting healthy habits.

Importance of World Cancer Day

Cancer is one of the leading causes of death worldwide. Many cases can be prevented by avoiding tobacco, maintaining a healthy diet, exercising regularly, and undergoing regular health check-ups. Early diagnosis greatly increases the chances of successful treatment.

Conclusion

World Cancer Day reminds us that cancer is not just a health issue but a social and economic challenge as well. By spreading awareness, promoting early detection, and supporting patients, we can work together to reduce the global burden of cancer.
