

# **World Population Day**

**Date: 11<sup>th</sup> July 2026**

**Venue: Shengoan community**

**Organized by: Kalyan College of Nursing Rajura**

**Theme:**

“Empowering Young People to Create the Families They Want in a Fair and Hopeful World”

## **Introduction**

World Population Day is observed every year on 11<sup>th</sup> July to raise awareness about global population issues. It was established by the United Nations Development Programme in 1989 following the public interest generated by the Day of Five Billion (11 July 1987). The day highlights issues such as family planning, gender equality, maternal health, and population growth.

## **Objectives**

To create awareness about population growth and its impact.

To promote family planning and reproductive health services.

To encourage gender equality and women empowerment.

To educate people about maternal and child health.

### **Activities Conducted**

Health education session on family planning methods.

Awareness rally with placards and slogans.

Poster and essay competition.

Distribution of pamphlets on population control measures.

Counseling sessions for reproductive health.

Seminar on the impact of overpopulation on resources.

### **Role of Nursing Students**

Provided education on contraceptive methods.

Assisted in organizing seminars

Conducted community awareness programs.

Participated in counseling sessions under supervision.

## Outcome

The program was successfully conducted with active participation of healthcare workers, students, and community members. Awareness regarding population control, reproductive health, and family planning increased.
